### **Primary care and chronic care**

Bodenheimer, T. (2006): „Primary care – will it survive?“. *The New England Journal of Medicine* 355(9): 861-864.

Bourgueil, Y, Marek, A. and J. Mousquès (2007): “Medical group practice in primary care in six European countries, and the Canadian provinces of Ontario and Quebec: what are the lessons for France?” *Issues in Health Economics* 127

European Forum for Primary Care (2006): The management of chronic care conditions in Europe with special reference to diabetes: the pivotal role of primary care. Position paper.

Friedberg, M.W. et al. (2007): ”Does Affiliation of Physician Groups with One Another Produce Higher Quality Primary Care?” *Journal of General Internal Medicine* 22(10): 1385–92.

The Health Council of the Netherlands (2004): *European primary care*. Report to the Minister of Health, Welfare and Sport

Lian, O.S. (2003): “Convergence or divergence? Reforming primary care in Norway and Britain” *The Milbank Quarterly* 81(2): 305-330.

Pittman, P. et al. (2005): “Care management in Germany and the U.S.: An expanded laboratory”. *Health Care Financing Review* 27(1): 9-18.

Roland, M. et al. (2006): *Outpatient services and primary care: A scoping review of research into strategies for improving outpatient effectiveness and efficiency*. A report to the NHS Service Delivery and Organisation R&D Programme.

Gelb Safran, D. (2003): “Defining the future of primary care: What can we learn from patientst?” *Annals of Internal Medicine* 138: 248-255.

Saltman, R.B., Rico, A. and W. Boerma (2006): *Primary care in the driver’s seat? Organisational reform in European primary care*. Berkshire: Open UP.

Sibbald, B., McDonald, R. and M. Roland (2007): “Shifting care from hospitals to the community: a review of the evidence on quality and efficiency”. *Journal of Health Services Research and Policy* 12(2): 110-117.

Slowther, A., Ford, S. and T. Schofield (2004): “Ethics of evidence based medicine in the primary care setting”. *Journal of Medical Ethics* 30: 151-155.

Starfield, B. and L. Shi (2007): “The impact of primary care and what states can do”. Commentary in *North Carolina Medical Journal* 68(3): 204-207.

Starfield, B. et al. (2005): “Comorbidity and the use of primary care and specialist care in the elderly”. *Annals of Family Medicine* 3(3).

Starfield, B., Shi, L. and J. Macinko (2005): “Contribution of primary care to health systems and health”. *The Milbank Quarterly* 83(3): 457-502.

University of Montreal (2002): *The team in primary care: A new vision, new ways to work*.

### **Continuity in care**

Allen, J., Benz Scott, L., Stewart, K. (2004): „Disparities in Women’s Referral to and Enrollment in Outpatient Cardiac Rehabilitation”, *J Gen Intern Med* 19:747–753.

Baker et al. (2005): *Continuity of care - Patients' and carers' views and choices in their use of primary care services*. NHS Service Delivery and Organisation National R & D Programme.

Baker et al. (2006): *The access/relationship trade-off: how important is continuity of primary care to patients and their carers*. National Co-ordinating Centre for NHS Service Delivery and Organisation Research and Development.

Bodenheimer, T. (2007). “Coordinating Care: A Major (Unreimbursed) Task of Primary Care”. *Annals of Internal Medicine* 147(10): 730-31.

Cabana, M. and Jee, S. (2004): “Does continuity of care improve patient outcomes?”. *The Journal of Family Practice* 53 (10): 974-80.

Reid, R., Haggerty, J., McKendry, R. (2002): *Defusing the Confusion: Concepts And Measures Of Continuity Of Healthcare*. Canadian Health Services Research Foundation

Freeman GK, Olesen F and Hjortdahl P (2003): “Continuity of care: an essential element of modern general practice?”. *Family Practice*; 20: 623–627.

Freeman, G., Woloshynowych, M., Baker, R., et al. (2007): *Continuity of care 2006: what have we learned since 2000 and what are policy imperatives now?* Report for the National Co-ordinating Centre for NHS Service Delivery and Organisation R & D.

Gulliford et al. (2007): *Continuity of care in type 2 diabetes: patients', professionals' and carers' experiences and health outcomes*. NHS Service Delivery and Organisation National R & D Programme.

Grimshaw JM, Winkens RAG, Shirran L, et al. (2005): “Interventions to improve outpatient referrals from primary care to secondary care”. *The Cochrane Database of Systematic Reviews* 3.

Haggerty, J., Reid, R., Freeman GK et al. (2003): “Continuity of care: a multidisciplinary review”. *British Medical Journal* 327: 1219-1221.

Halm et al. (1997): "Is Gatekeeping Better Than Traditional Care?". *JAMA* 278 (20): 1677 -1681.

Hardy, B., Hudson, B., Keen, J. (2005): *Partnership and Complexity in Continuity of Care: a study of vertical and horizontal integration across organisational and professional boundaries*. Report for the National Co-ordinating Centre for NHS Service Delivery and Organisation R&D.

Nutting, P., Goodwin, M., Flocke, S. (2003): "Continuity of Primary Care: To Whom Does It Matter and When?". *Annals of Family Medicine* 1: 149-155.

Saultz, J. (2003): "Defining and Measuring Interpersonal Continuity of Care", *Annals of Family Medicine* 1: 134-143.

### **Evaluation, measurement, analysis of care models**

Roland M, McDonald R, Sibbald B et al. (2007): *Can primary care reform reduce demand on hospital outpatient departments?* NHS Service Delivery and Organisation National R & D Programme.

Center for Medical Home Improvement (2006): *The Medical Home Index: Measuring the Organization and Delivery of Primary Care for Children with Special Health Care Needs*. Available at [www.medicalhomeimprovement.org/assets/pdf/MHI-ShortV\\_2006CMHI.pdf](http://www.medicalhomeimprovement.org/assets/pdf/MHI-ShortV_2006CMHI.pdf)

Feachem, R., Sekhri, N., White K. (2002): "Getting more for their dollar: a comparison of the NHS with California's Kaiser Permanente". *British Medical Journal* 324: 135-43.

Gusmano, M., Rodwin, V., Weisz, D. (2006): "A New Way To Compare Health Systems: Avoidable Hospital Conditions In Manhattan And Paris". *Health Affairs* 25( 2): 510-520.

Ham, C., York, N., Sutch, S. et al. (2003): "Hospital Utilisation in the NHS, Kaiser Permanente, and the US Medicare programme: analysis of routine data". *British Medical Journal* 327: 1257.

Lindenauer, P., Rothberg, M., Pekow, P. (2007): "Outcomes of Care by Hospitalists, General Internists, and Family Physicians", *N Engl J Med* 357: 2589-600.

Saultz, J. (2003): "Defining and Measuring Interpersonal Continuity of Care". *Annals of Family Medicine* 1(3): 134 – 143.

Starfield, B., Shi, L. (2008): "The Medical Home, Access to Care, and Insurance: A Review of Evidence". *Pediatrics* 113: 1493-1498.

Strickland, B., McPherson, M., Weissman, G. et al. (2004): "Access to the Medical Home: Results of the National Survey of Children With Special Health Care Needs". *Pediatrics* 113: 1485-1492.

Tylee, A., Haller, D., Graham, T. et al. (2007): „Youth-friendly primary-care services: how are we doing and what more needs to be done?“. *Lancet* 369: 1565-73.

## **Financing and remuneration**

Anderson, G., Frogner, B., Reinhardt, U.: (2007): “Health Spending In OECD Countries In 2004: An Update”. *Health Affairs* 26 (5): 1481–1489.

Baron, R., Cassel, C. (2008): “21st-Century Primary Care - New Physician Roles Need New Payment Models”. *JAMA* 299(13): 1595-97.

Gosden T, Forland F, Kristiansen IS, et al. (2000): “Capitation, salary, fee-for-service and mixed systems of payment: effects on the behaviour of primary care physicians”. *Cochrane Database of Systematic Reviews* 3.

## **Major primary care initiatives worldwide**
